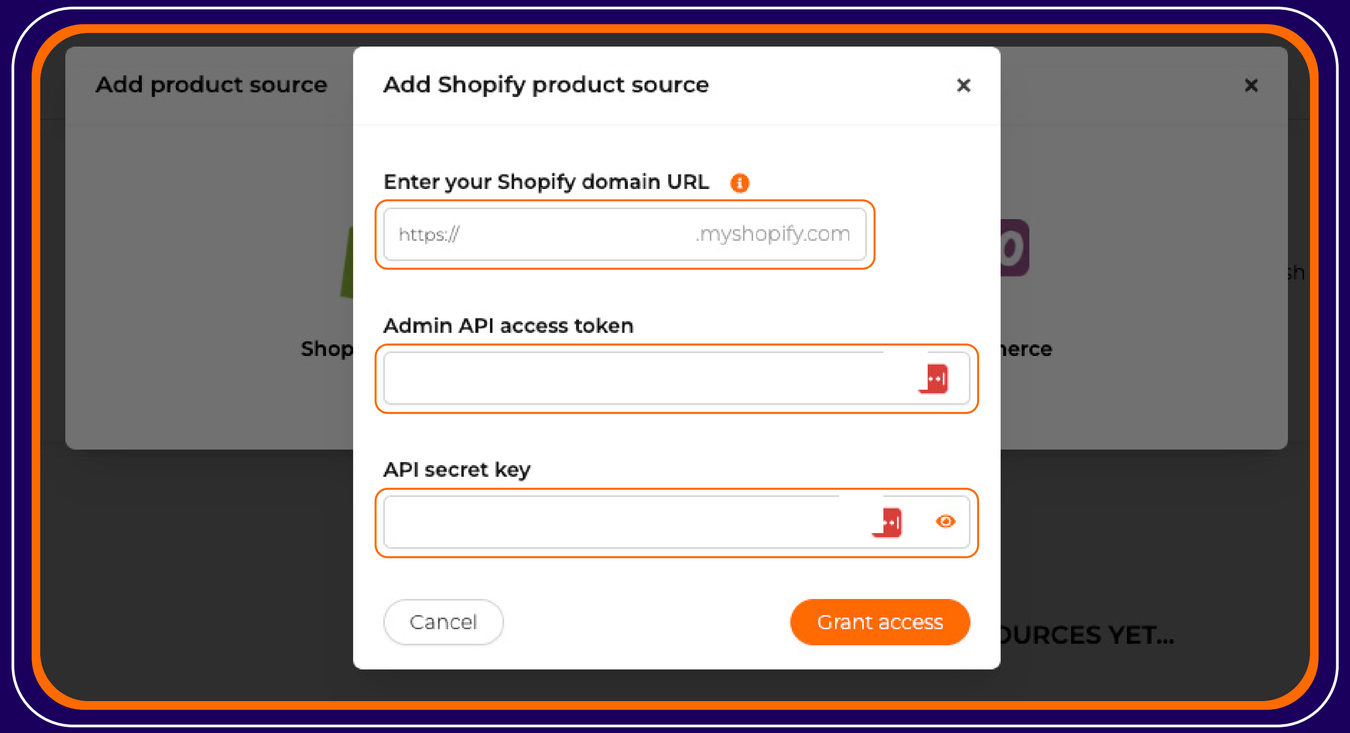
Bob Shop - Shopify

Custom app install

To install a Shopify channel on Bob Shop, you will need to complete 3 fields:

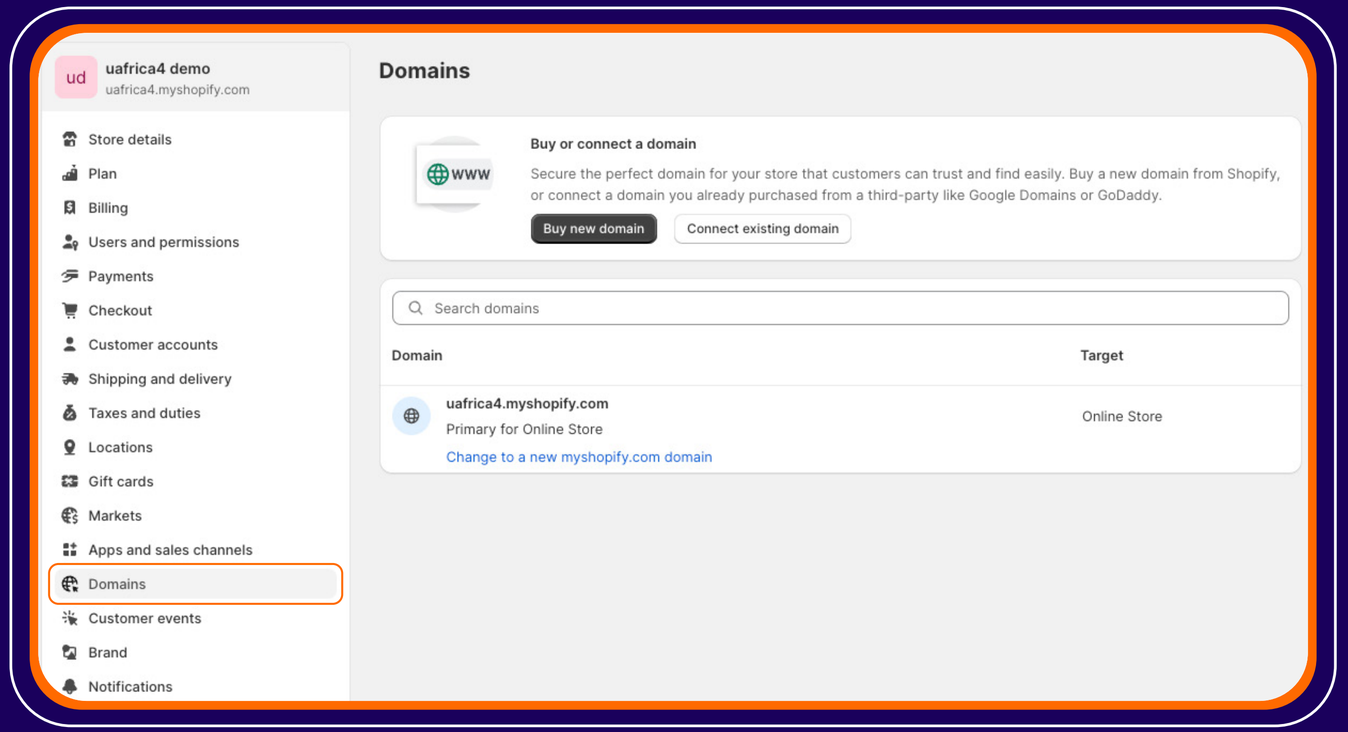


- Shopify domain URL
- Shopify API access token
- Shopify API secret key

This guide will explain how you can obtain these values.

bobshop | shopify

Getting your Shopify URL



Navigate to the **Settings** page then click on the **Domains** menu item.

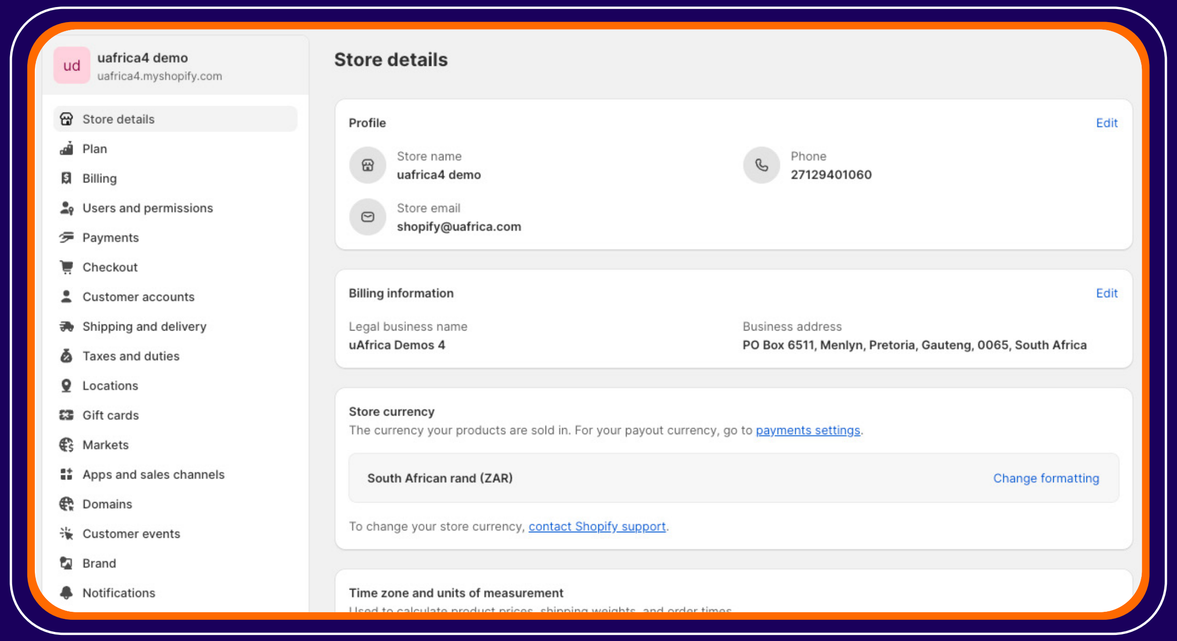
You will see your myshopify domain listed here.

bobshop | shopify

Getting your Shopify API key and secret key

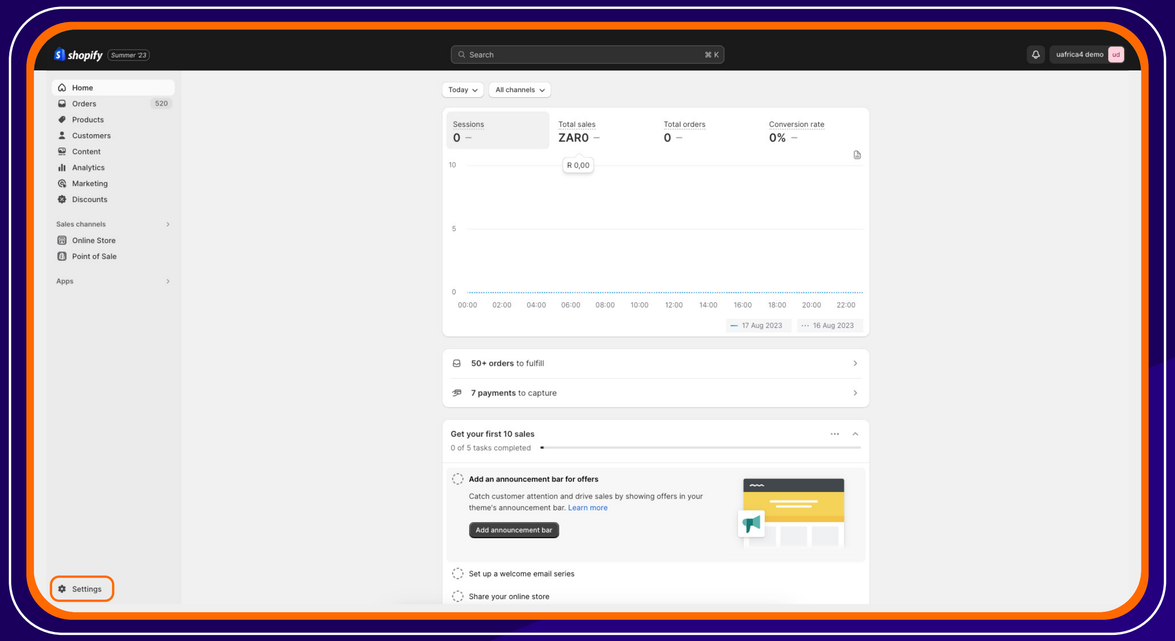
Step 1

Navigate to your Shopify store's admin.



Step 2

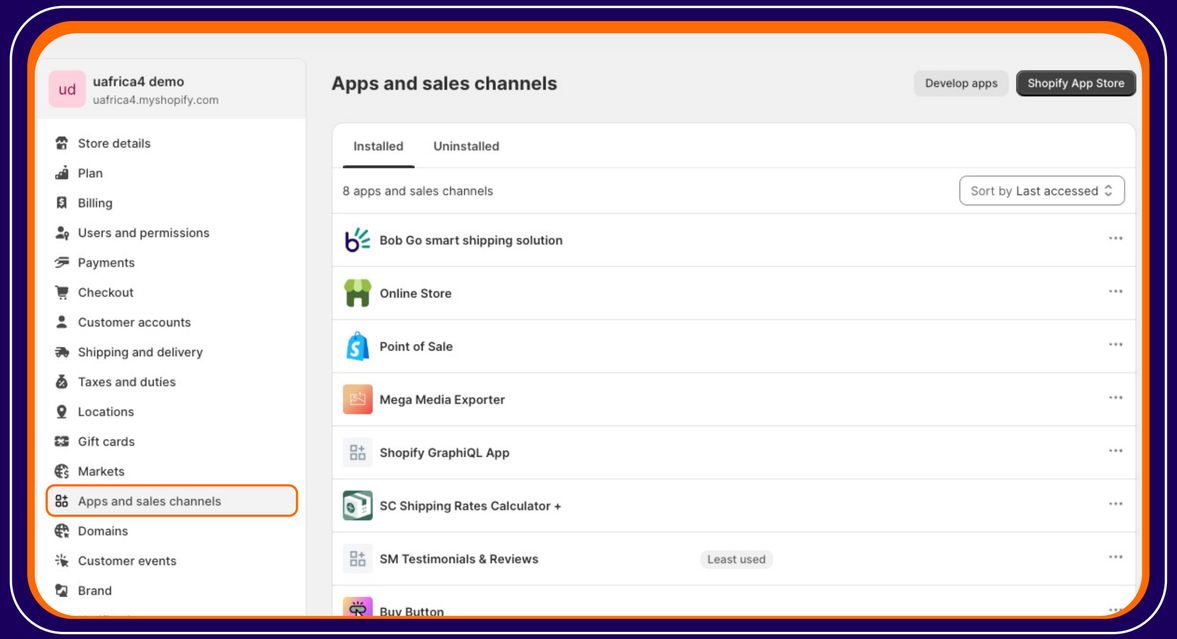
Click on the **Settings** menu on the bottom left of the page.



bobshop | shopify

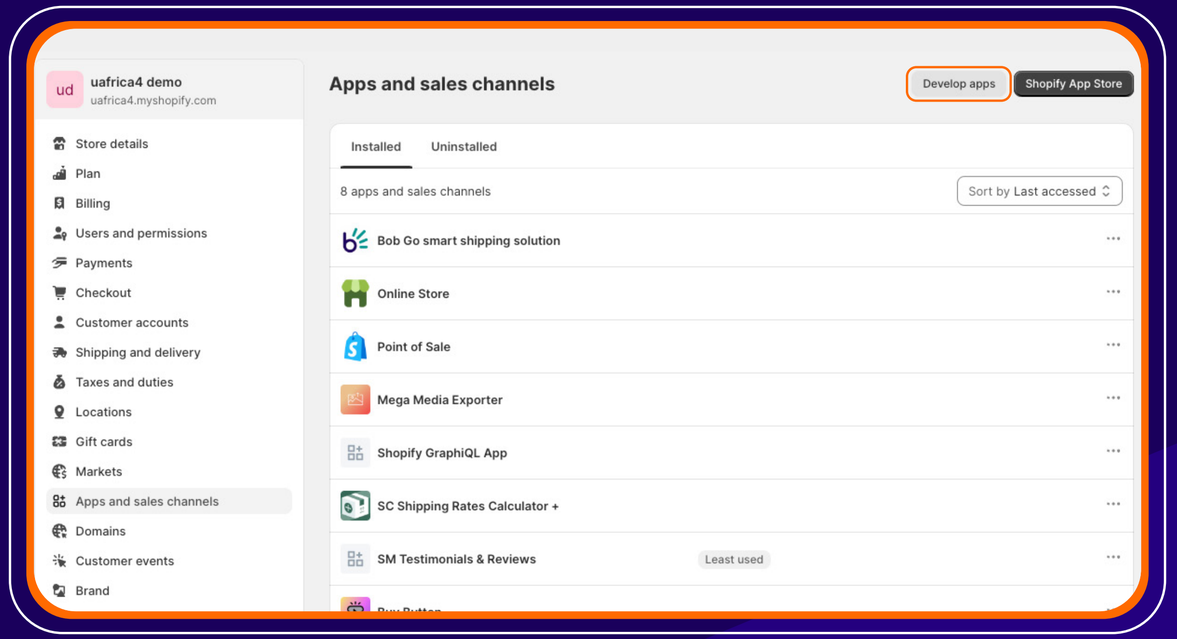
Step 3

Click on the **Apps and sales** channels menu item.



Step 4

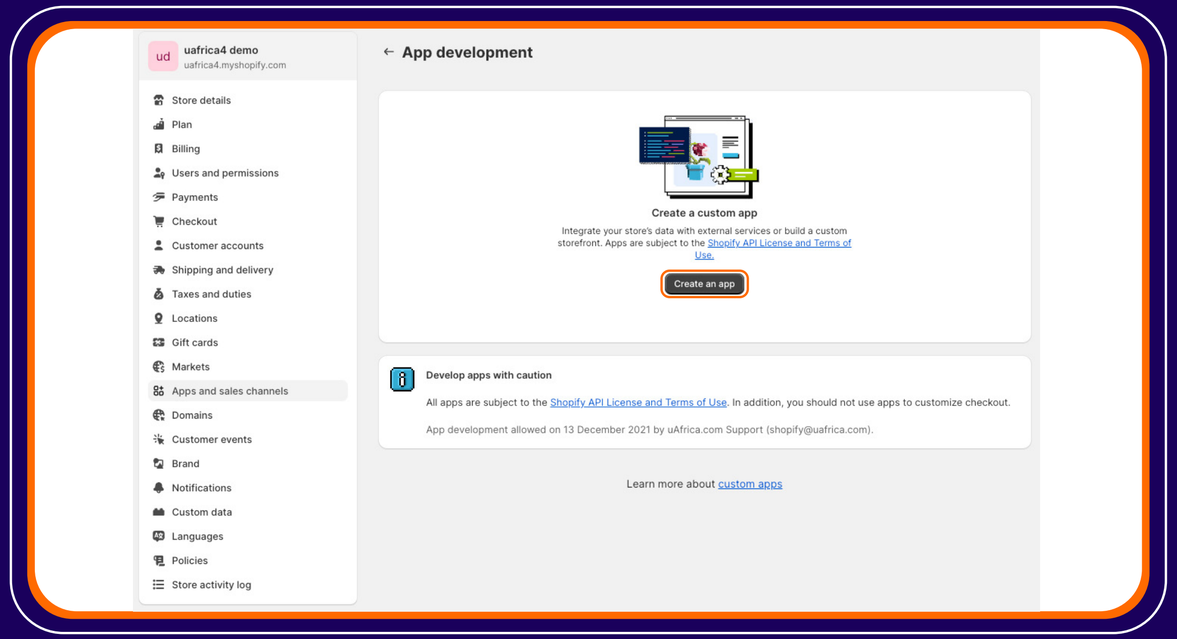
Click on the **Develop apps** button.



bobshop | shopify

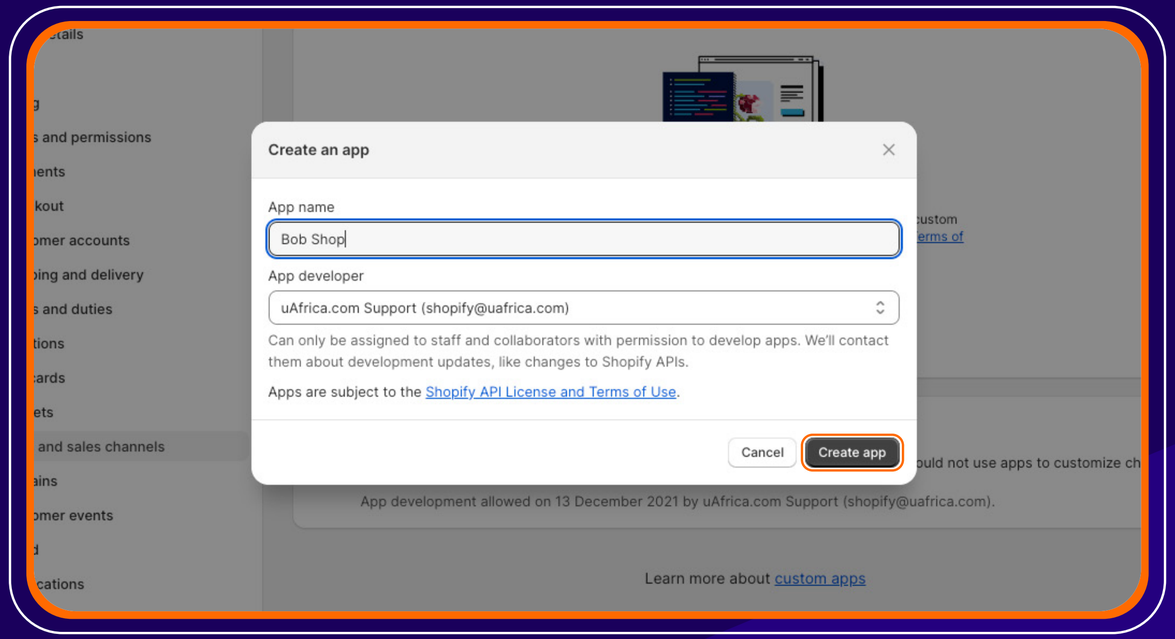
Step 5

Click on the **Create an app** button.



Step 6

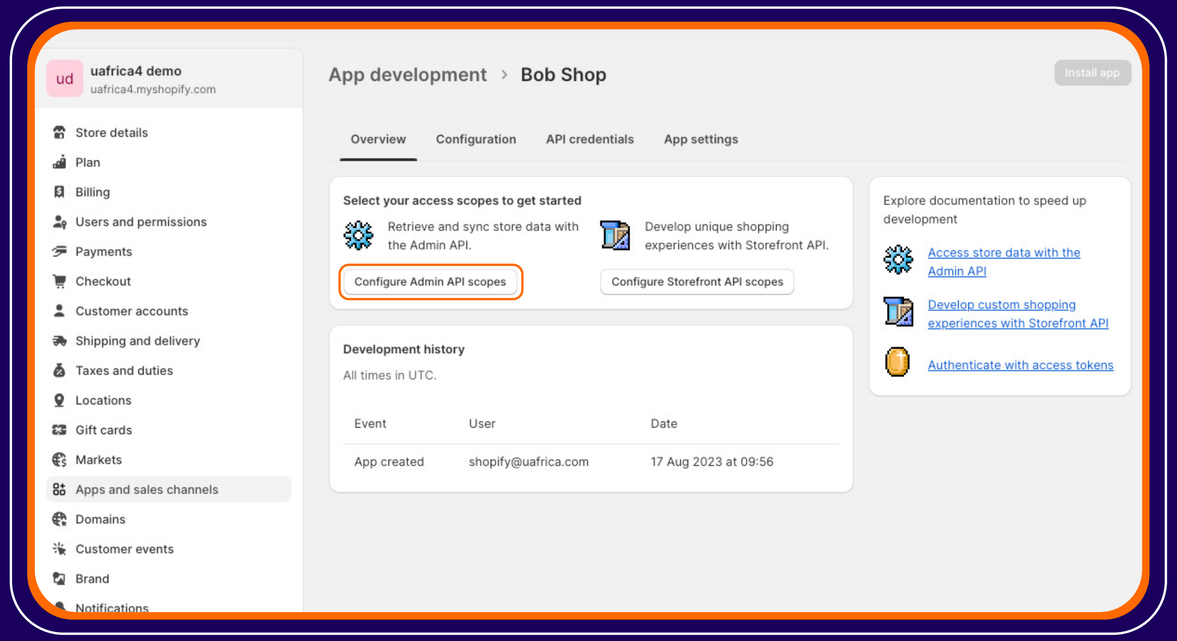
In the app name text field, type “Bob Shop” and click the **Create app** button.



bobshop | shopify

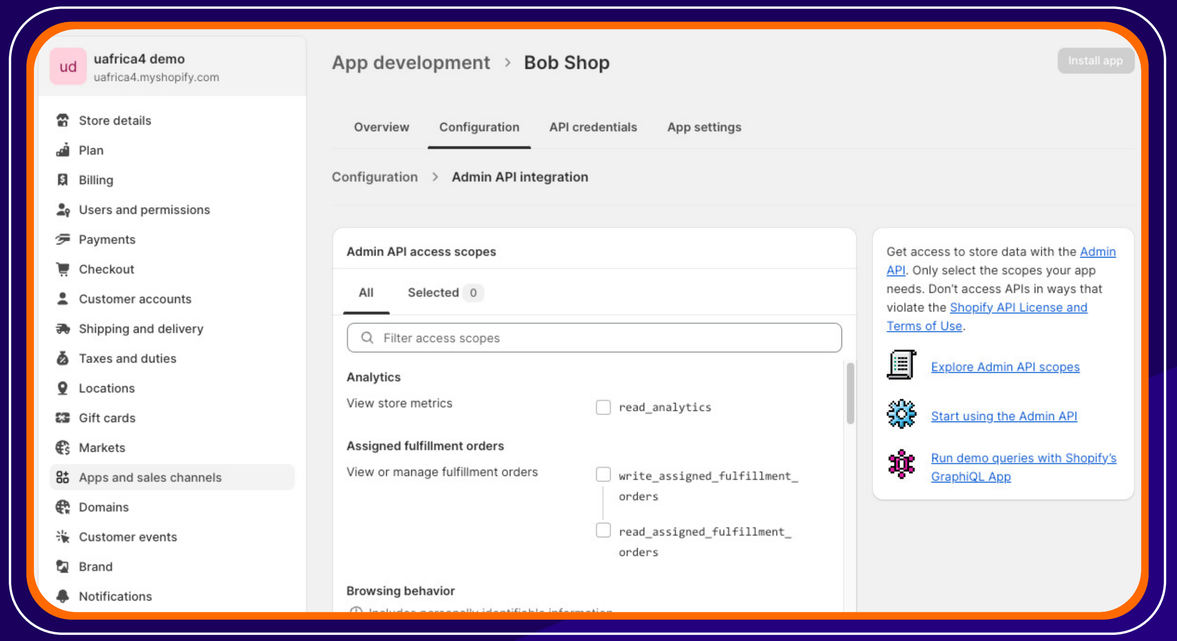
Step 7

Once the app is created, click on the **Configure Admin API scopes** button.



Step 8

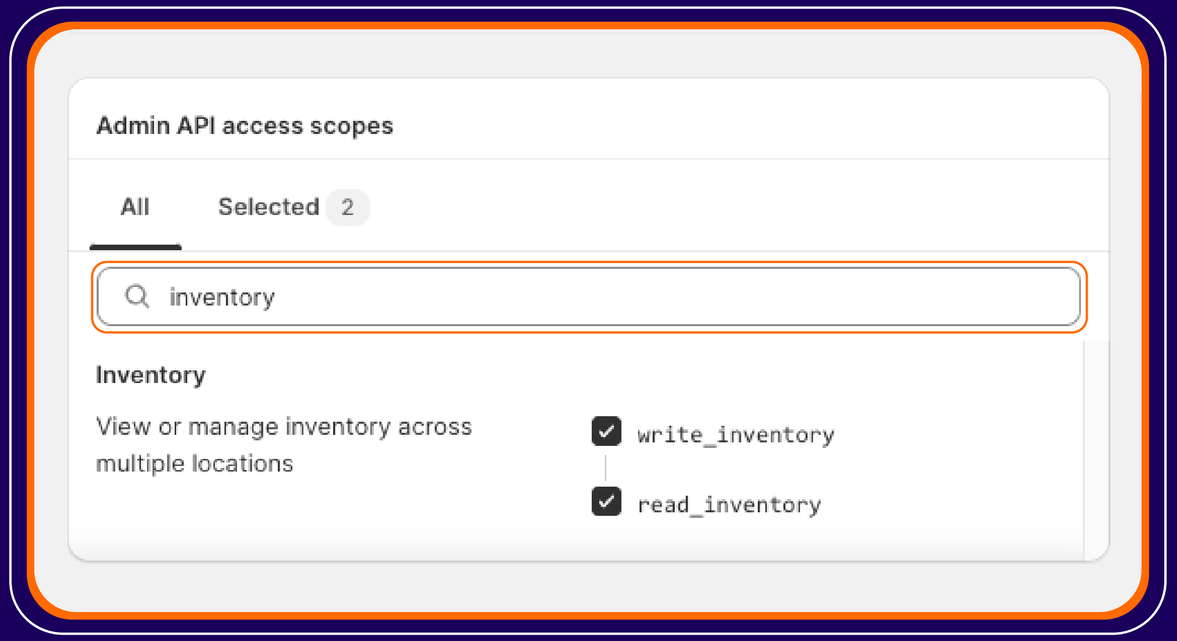
Next, you'll be presented with a page where you can define the app's necessary access for it to function correctly.

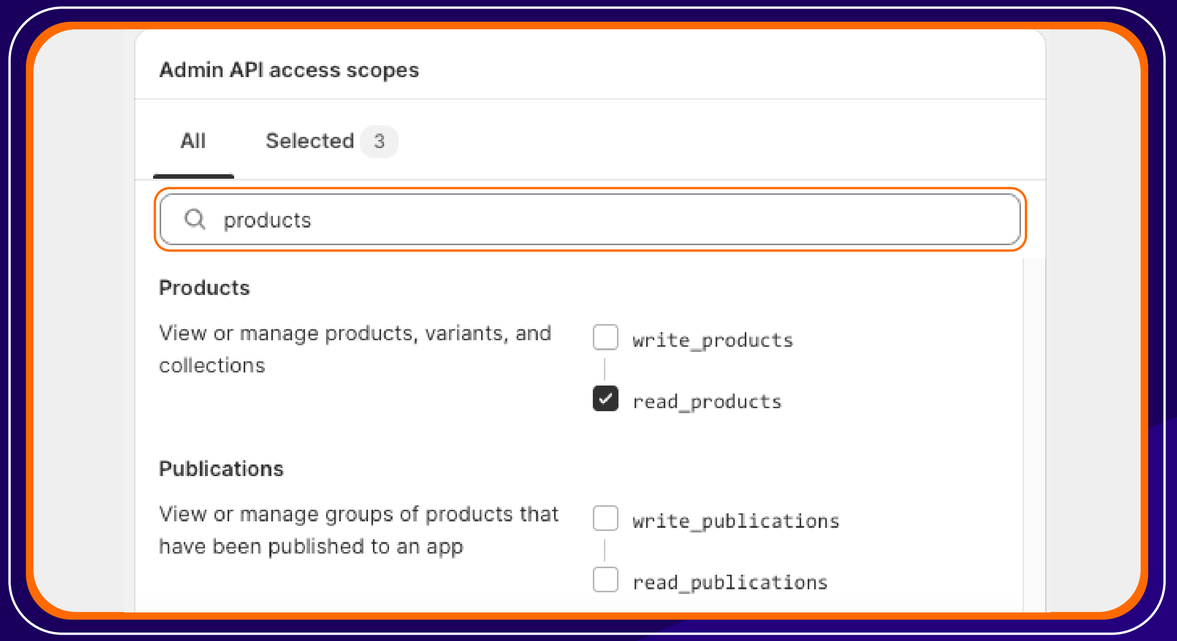


bobshop | shopify

You need to select the following scopes:
write_inventory, read_inventory, read_products. The page allows you to search/filter for the required scopes.

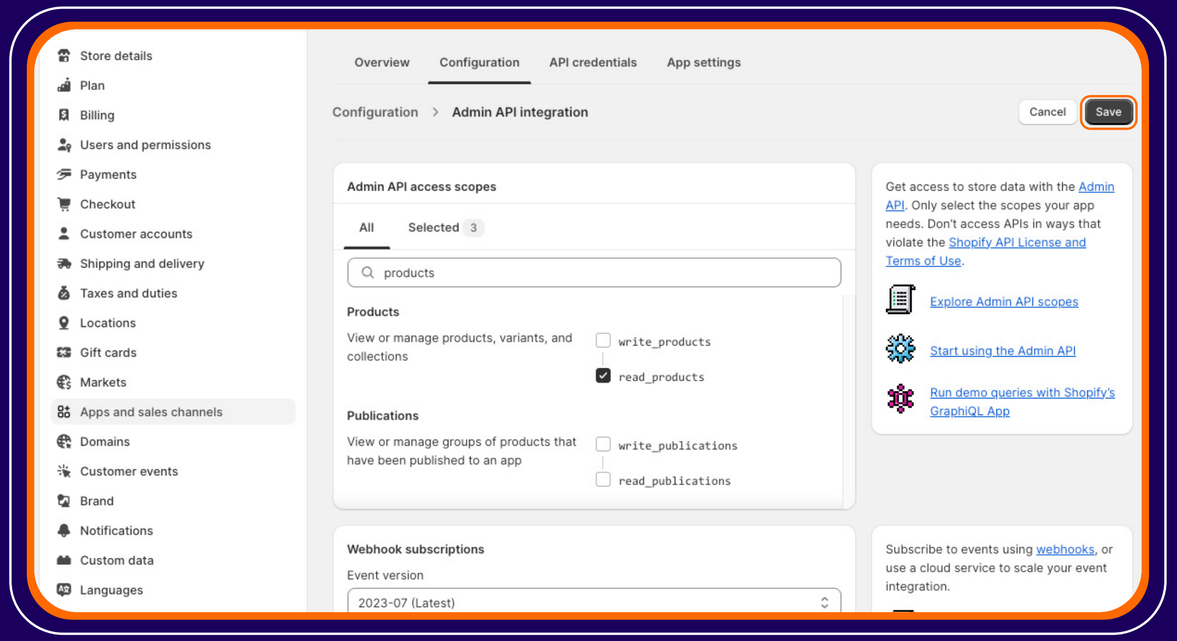
If you want to push your Bob Shop orders back to Shopify, please select the ***write_orders*** scope as well.





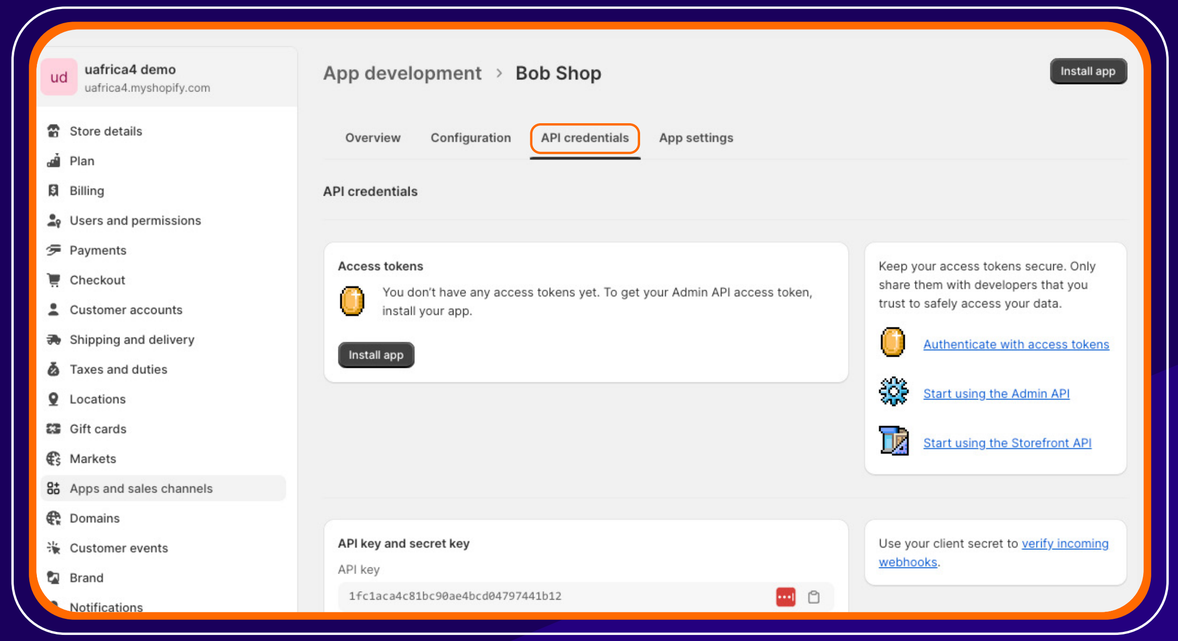
bobshop | shopify

Click the **Save** button once you have selected



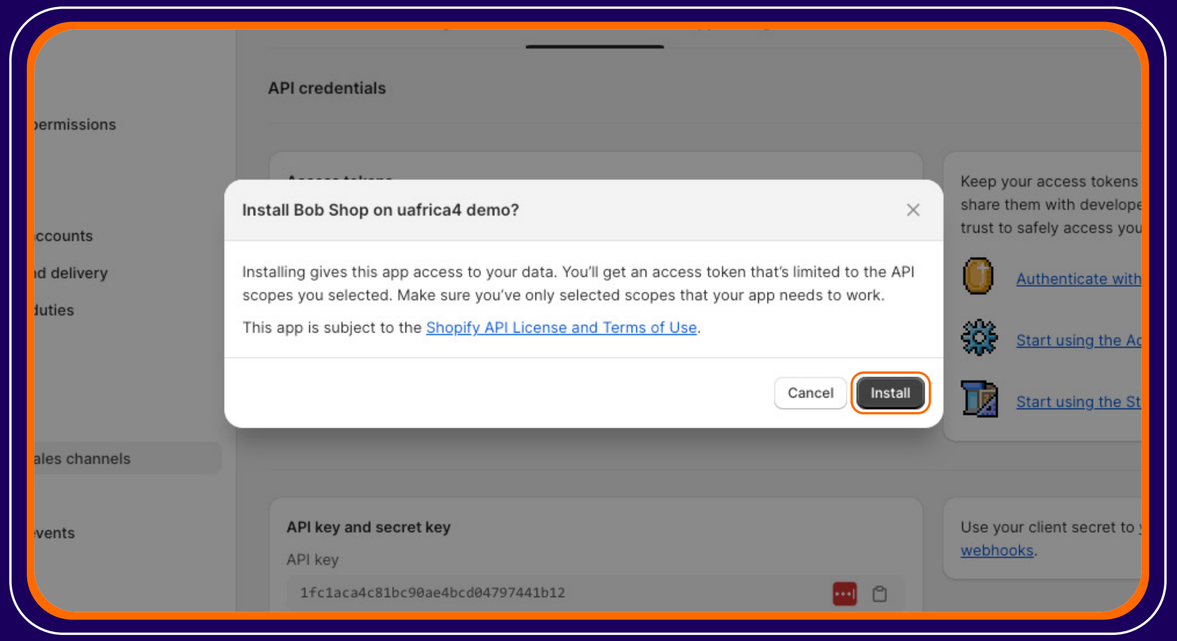
Step 9

Click on the **API credentials** menu option and then on the **Install app** button



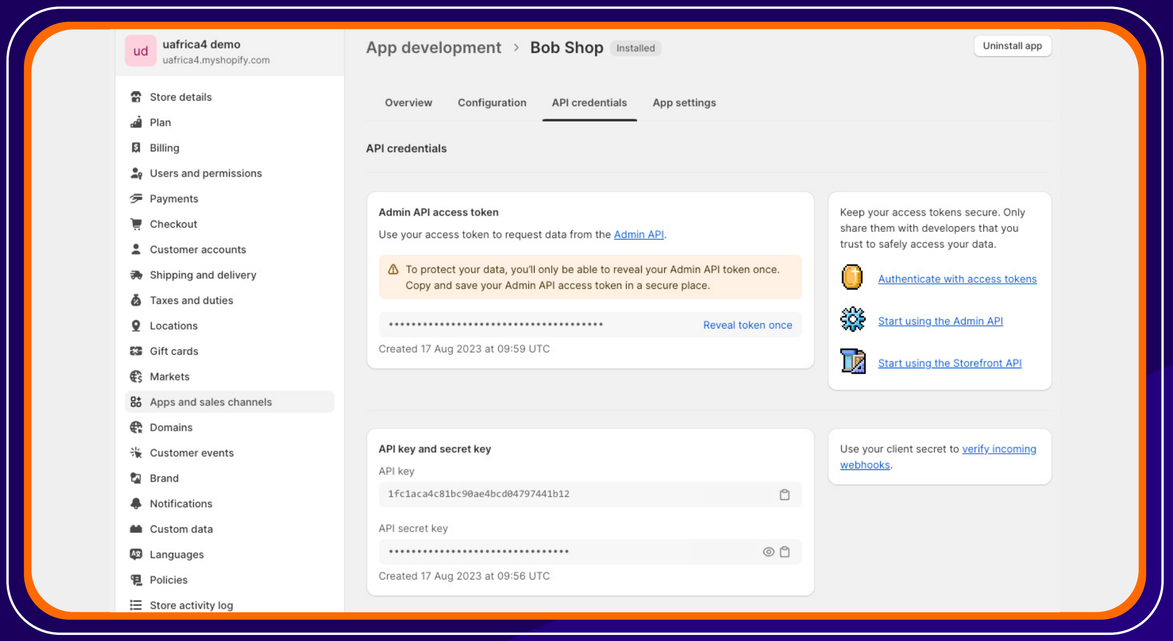
bobshop | shopify

On the confirmation, click the **Install** button.



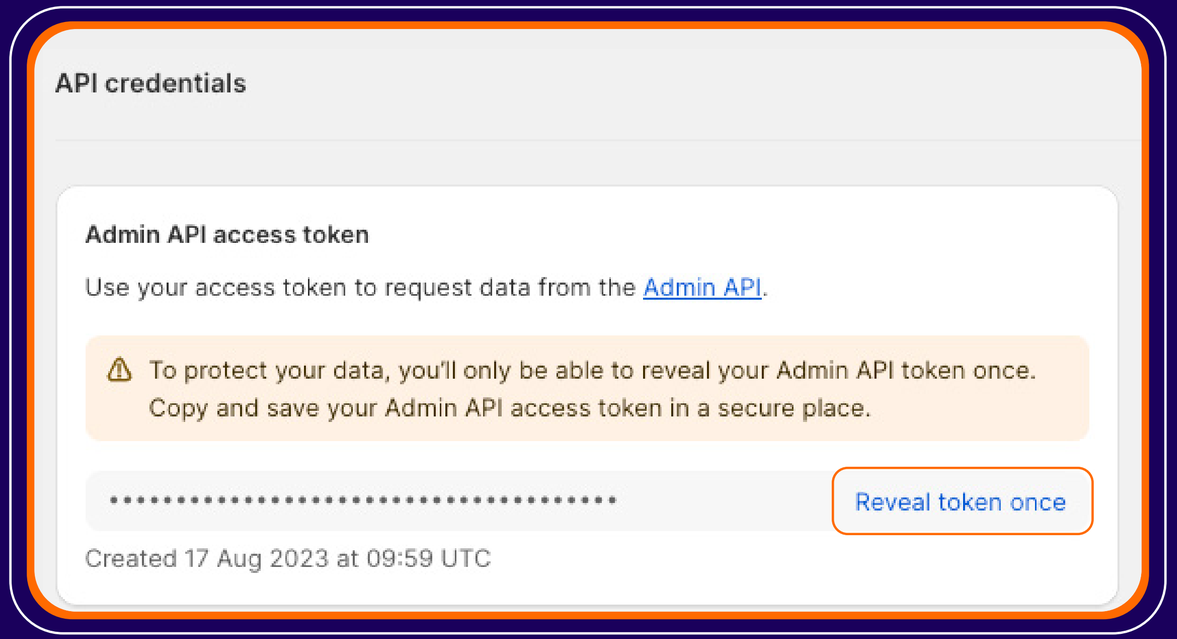
Step 10

Bob Shop requires the Admin API access token and the API secret key. The Admin API access token can only be revealed once, so make sure to copy the code as it will be required for the installation of the Bob Shop channel.



bobshop | shopify

Click the **Reveal token once** link to reveal the access token.



Click the **copy icon** to copy the API secret key to your clipboard.

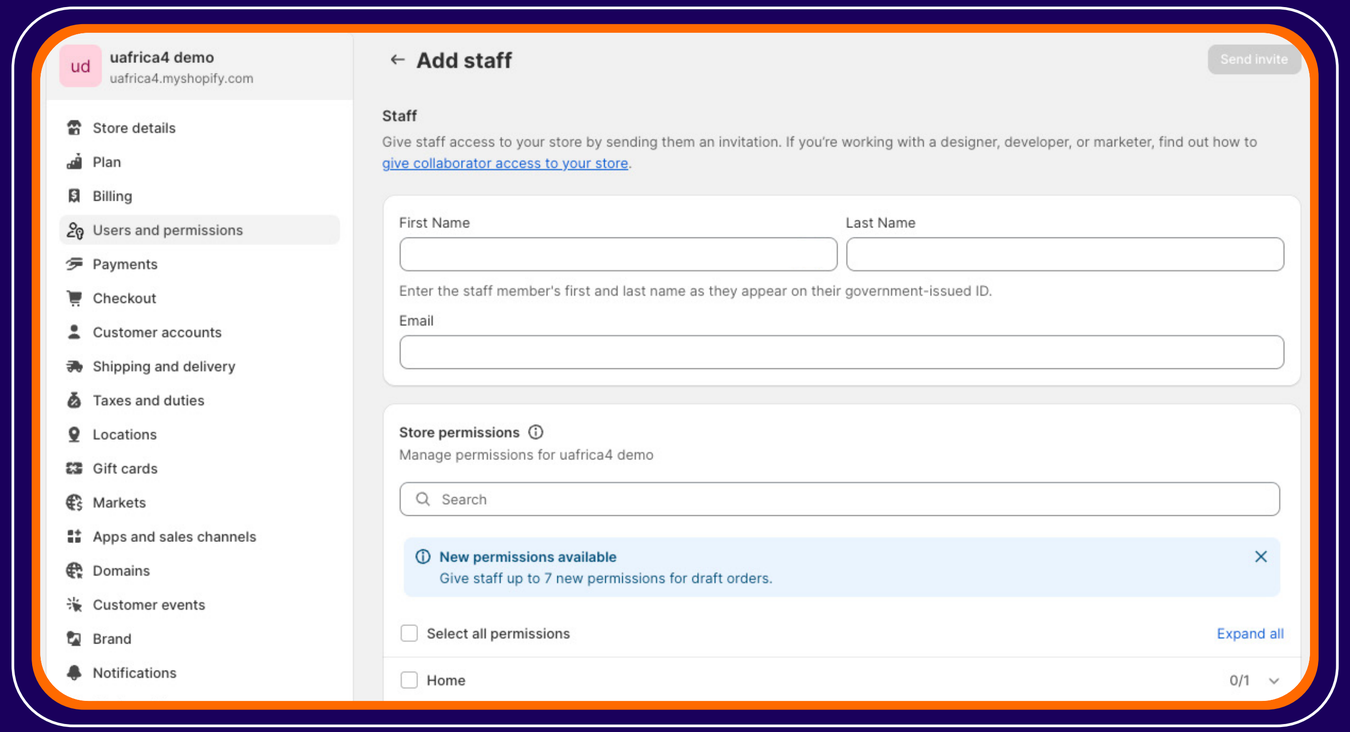
Alternative options

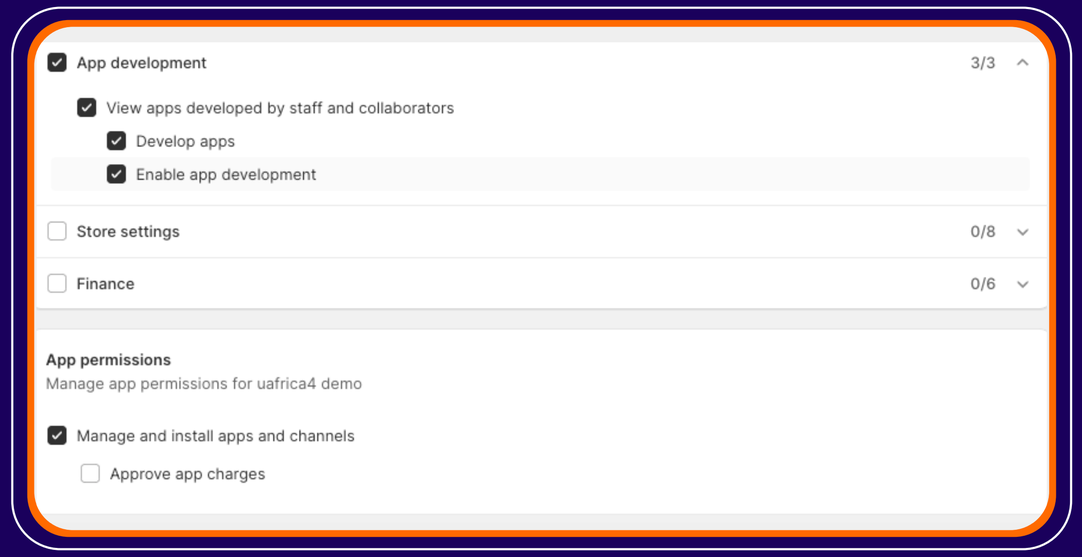


Another option is to give a Bob Shop staff member temporary access to your store to create and install the custom Bob Shop app on your behalf.

bobshop | shopify

You will need to give the following permissions to the invited staff member.

View products and Manage inventory.



All App development access, as well as Manage and install apps and channels

Once the Bob Shop staff member accepts the invite, they can create and install the Bob Shop app on your behalf. After the app is installed, you can remove this user from your store.
